

BLESSING OF CHRISTMAS TREE

O Emmanuel God with us!

Creator of all things that exist.

Bless our Christmas Tree, a symbol of joy and merriment.

May the evergreen branches be a sign of your age old yet ever new promises

May the multi-coloured lights and glitters that adorn it,

Remind us of the colours of love, joy and peace your birth brings to our lives

May the gifts beneath the Tree, remind us of the greatest ever gift of redemption

We receive from the Tree of your Cross, a lumpsum ransom for sins.

May the tidings of joy, love and peace of Christmas,

Find a cradle in our hearts and homes forever. Amen.
